

## WELLNESS PROGRAM FOR 2018

**→→ Please see other side for Enrollment Form ←←**

To Academy Village Residents

Please consider supporting the Wellness Program in Academy Village. The Program makes a Registered Nurse available to the community for healthcare needs and allows us to offer a highly regarded in-home care service.

The Wellness Program is entirely dependent on financial support from Village residents. In return, supporters receive the advice and counsel of an R.N. highly skilled in eldercare, advocacy with healthcare providers, wound care, assistance with records management, and many other services described in the Wellness brochure (available in the Center).

Wellness plays a critical role in the continuum of healthcare offered in the Village. This continuum begins with the Wellness Center, to In-home Healthcare (private duty), and then to assisted living. Were we to lose Wellness due to lack of support, we would also lose the In-home care program and, quite possibly, the R.N. position that makes both these programs possible. This would be a huge loss for the community, and for the assisted living residences where the nurse serves on staff.

Some who subscribe to Wellness may not use the service in a particular year, or use it infrequently. Their continued support, however, keeps the service intact—not only for neighbors and visiting family members but for their own, more extensive use in subsequent years.

If you are not already a subscriber and/or donor, we sincerely hope you will consider becoming one. If you are a renewing subscriber, we deeply appreciate your continued support.

The program for 2018 is similar to last year and is described on the back of this letter. An enrollment form is at the bottom of the other side.

Thank you.

Manager, AV Wellness, LLC

## 2018 Wellness Enrollment Information

>>Please see other side for covering letter<<

Wellness services are fully described in a brochure available from the Wellness Office. The quarterly Health and Wellness Newsletter also includes descriptions of healthcare services. In addition, see [theacademyvillage.com/wellness-introduction/](http://theacademyvillage.com/wellness-introduction/)

You can support Wellness as a subscriber or donor or both. Subscriptions are \$35/month/person and offer unlimited visits and consultations. Subscriptions may be paid monthly, quarterly, or annually. There is a 6% discount for annual payment (\$395 versus \$420), **if received no later than January 15, 2018**. Village residents who are not subscribers may access the service for \$50 for any 30-day period.

Donations to Wellness are tax deductible, very much needed, and deeply appreciated. Infrequent users of Wellness may wish to consider a donation in lieu of a subscription. Donations of \$275 or more per person include up to six free visits or encounters with the service a year, thereby offering both a tax deduction and the modest benefit of limited, free visits.

The support of those who subscribe **and** make a tax-deductible donation is most welcome.

Please note that users of the in-home (private duty) service must be Wellness subscribers in order to access that service.

Thank you for your support.
